

**A Message From the
Borough of Emmaus and the Joint
Environmental Advisory Council**

Running....

When you let the water run while brushing your teeth, shaving or washing dishes, you're swallowing up our rivers and lakes. Rivers and lakes are primary sources of tap water and wasting it depletes our waterways and costs you money.

So please turn off the water. You'll save over three gallons each time you brush your teeth. Don't let a good drop go bad.
