Emmaus—On Top Again!!!

For a second consecutive time, Money Magazine ranked Emmaus among the Top 100 Small Towns in America in which to live. The Borough thanks all of its residents, businesspeople, and visitors who make the town a special place where everyone feels welcome, comfortable, and safe. We should all be proud of ourselves and our town, and look forward to the day when we are ranked No. 1!!!

A Special Invitation From the Mayor

We know how beautiful the Emmaus Triangle has become. As a result, Winfield Iobst, Mayor of Emmaus, invites marrying couples to contact him about performing marriage ceremonies on the Triangle. The Mayor proclaimed, “The Triangle is just such a beautiful place. I would be honored to do ceremonies on the Triangle. It would be a great memory for people.” If you and your partner are interested, please contact Mayor Iobst at

Grand Celebration Weekend A Rousing Success

SPECTACULAR FIREWORKS DISPLAY, WEEKEND OF PARTYING, REMINISCING

For 3 days in August, Emmaus celebrated its 250 year history, its contemporary presence, and its bright future. From the Party in the Street on the newly renovated Triangle, to the awesome sights and sounds of Sunday’s fireworks display at Emmaus High School, Emmaus residents, businesspeople, and visitors shared their love of the town by connecting with family, friends, acquaintances, and everyone else who paid tribute to Emmaus.

The Borough expresses its sincerest thanks to the Emmaus 2009 Anniversary Committee for its superhuman efforts, planning and presenting a weekend that will forever fill the hearts and inspire the minds of young and old. We also thank everyone who attended events during the weekend. The memory of new and rekindled relationships will forever remind us of the deep sense of community that is unique to Emmaus.

Let’s look forward to the next 250 years with anticipation by committing ourselves to maintaining a quality of life that is unrivaled.

Be Safe—Trick or Treat Tips from the Emmaus Police Department

- Wear light colored clothing that is short enough to prevent tripping and add reflective tape to the sides, front, and back of costumes.
- Make sure children can see well through face masks, or use cosmetics to create fun or scary faces.
- Have an adult accompany young children.
- Stay within your neighborhood and only visit homes with which you are familiar.

SAFETY FIRST

TRICK or TREAT NIGHT
Thursday, October 29
2009
6:00 p.m. to 8:00 p.m.

- Watch for traffic. It is easy for kids to be distracted when collecting candy.
- Examine all candy before allowing children to eat it and only give and accept wrapped or packaged candy.
- Keep costumed children away from pets. A pet may not recognize children and become frightened.
- Avoid hard plastic or wood props such as daggers or swords. Use foam rubber instead, which is soft and flexible.

Not Much Time to Volunteer? - Consider Being a Crossing Guard

It's an easy way to contribute to your community

The Emmaus Police Department and the East Penn School District seek volunteers to serve as Crossing Guards for the 2009-2010 school year. If you can spare a fraction of your time, you can be a big help. The Emmaus Police Department will provide you with the equipment and training necessary.

*Please help keep
our children
safe!*

For many years, the Emmaus Crossing Guards have contributed to the safety of our children traveling to and from school each day. Will you help us? If you are interested, please call Cindy Pandl at the Emmaus Police Department at 610-965-0722. We guarantee that the experience will be fun and fulfilling.

Tips for Parents—Safest Route to School

Schools are in session. Please watch our children!

- Discuss with your child the safest route to and from school or the school bus stop.
- Talk about why it is safer to cross at some corners rather than others—and to use cross walks.
- Walk along with your children so that they become familiar with the safest route.
- Discuss the meanings of traffic signals and markings along the route.
- Stress the importance of allowing enough time to cross the street safely.
- Encourage children to be extra alert in bad weather when drivers have trouble seeing and stopping.
- Teach your children to stop, listen, and look for approaching and turning vehicles, especially those turning right on red.
- Make sure your children understand that they must walk, not run, across the street—and continue to look for vehicles.
- If your children have a good understanding of left and right, introduce the concept of looking left-right-left before crossing.
- If your children must walk on a road that does not have sidewalks, teach them to walk facing traffic and as far from the roadway surface as possible.
- Help your children understand how important it is to cooperate with police, school safety patrols and crossing guards.
- Encourage and praise your children for following guidelines for safe walking every day.
- Above all, set a good example for your children—their actions and attitudes are modeled after yours!

Keeping Your Family Safe

Smoke detectors save lives. Most deaths from home fires are from smoke inhalation, not the fire itself. Studies show that fewer than half installed smoke detectors are actually functioning. Below are a few simple tips for installing and maintaining smoke detectors:

- There should be a detector on every floor and in each bedroom and bedroom hallway.
- Place detectors at the tops of stairwells and at the end of hallways, preferably on ceilings and at least 4" from the wall.
- Test detectors every month by pushing the test button or releasing smoke nearby.
- Check a detector's batteries every six months.
- Keep the detector cover free of dust, grease and paint.
- In new construction or renovations, install detectors with wiring that interconnects them so that when one alarm detects smoke, all of them sound.

Emmaus Youth Association Seeks Your Help

We are proud that our traditions, sense of community, and continued commitment to making our town a great place helped us to once again be ranked as one of the best places to live in the country. We can maintain, and even improve, our standing by continuing to breath life into traditions that we want to keep alive forever. One of the cornerstones of our town has been the Emmaus Youth Association (EYA). For over 50 years, EYA has served our community by offering youth programs that teach valuable life lessons such as teamwork, leadership, and collaboration. Over the years, as members of our community have benefited from EYA programs, they have given back by volunteering their time and talent to help manage the Youth Association, coordinate leagues and programs, or coach a team. As we refresh and invigorate our town, we also need to refresh and invigorate the institutions that make our community great. EYA is always looking for new volunteers to serve on the Board or work with our children. As members of our great community, we ask that you consider helping the EYA, so that it can continue to help make Emmaus a town of distinction.

EYA needs Volunteers for the following open positions:

Board Members—Meet monthly to manage EYA and strategize existing and future EYA programs.

Sponsorship Coordinator—Communicate with current sponsors, recruit new sponsors for teams, and recruit sponsors for signs at Williams and Kiwanis fields.

Uniform Coordinator—Order uniforms for teams and help distribute them to teams.

Intramural Baseball Coordinator—Organize teams and uniform/equipment distributions; work with the Upper/Lower Macungie Knee-Hi Baseball League and Umpire Assigner.

Fall Baseball & Softball Coordinator—Organize teams and uniform/equipment distributions; work with the Upper/Lower Macungie Knee-Hi Baseball League.

Community Park Concession Stand Volunteers—Sell refreshments at EYA sponsored games and events.

Fire Department Erecting New Fire Training Tower

As you may have noticed when driving by the Emmaus Fire Department Training Facility, a new 4-story training tower along with a residential 2-story structure with a 1-story burn room is being constructed. Funded by a grant through Lehigh County, the new facility is a great asset to the required training and certification process of the Emmaus Fire Department.

The Emmaus Fire Department began work on developing a fire training facility in 1964. With donations raised through a fund drive, it built a 4-story fire training tower in 1967. The new facility will afford expanded training options for Emmaus firefighters and those in surrounding organizations.

The new Fire Training Building nearing completion

Because it takes over 200 hours of volunteer time to become a trained firefighter, having a local training facility has eliminated the need for travel to and from other training facilities. The Fire Department conducts tests and certifies firefighters to standards established by the state and the Training Facility is currently Test Site #7 for the State of Pennsylvania.

New Fire Training Facility Dedication and Fire Safety Fair on October 3

The Emmaus Fire Department invites you to its new training tower Dedication-Open House-Fire Safety Fair on October 3, 2009 from 11:00 a.m. to 2:00 p.m. at the Fire Training Facility off of Klines Lane. See the new addition to the center as well as meet the fire fighters that protect the Borough of Emmaus. The Department will hold a training session on using fire extinguishers. Learn how to teach your children about exit drills in the home. Or, crawl through a maze and see what it is like going through a dark building. There will also be Emergency Management personnel available to answer questions about disaster planning. There will be games for kids, food, bake sales, and a Chinese Auction as well!

Looking to volunteer to help during an emergency? We will present information about joining the Emmaus Community Emergency Response Team as well as the Lehigh Valley Animal Response Team.

Volunteerism is alive and well in the Borough of Emmaus!

Thinking of Volunteering? The Emmaus Fire Department Wants You!

The Emmaus Fire Department is always looking for volunteer fire fighters. Free training is provided, and is held every Tuesday evening starting at 7:00 p.m. The Fire Department also provides a yearly physical. Not feeling up to the challenge of becoming a fire fighter? The Fire Department always needs fire police to help assist in directing traffic during incidents and community events. A locally offered 16 hour training class is required. Please call the Emmaus Fire Department for more information at 610-967-5630.

Scrumptious Hoagies and Sandwiches

The Emmaus Fire Department sells Italian and Turkey Hoagies, as well as Ham and Cheese Sandwiches, on the third Wednesday of every month. The hoagies and sandwiches cost \$2.50 each. To order a hoagie or sandwich, please call the Fire Department at 610-967-5630 by the second Wednesday of every month.

Summer Parks Program—A Huge Success!!!

This year's Summer Parks Program, held from June 22nd to July 31st at Community and Boroline Parks, was another huge success. The parks were awash with borough residents ages, 5 to 14, during weekday mornings from 9:00 a.m. to 12:00 p.m. The Program averaged 60 to 70 kids per day and ended with a final day pool and pizza party at Community Park. As seen here, they were all smiles. More information for next year's Program will appear in the Borough's spring newsletter.
